COVID Meals Update

Dear Parents and Community Members,

We wanted to give you an update on some new information that has developed over the last few days regarding the breakfast and lunch programs.

First, yesterday we received information from the Ohio Department of Education that the USDA waiver that was in place during last spring has been extended through December 31, 2020. This means that effective today Lordstown School District is able to provide **FREE breakfast and lunch to ALL district children**, both in person and virtual. There will still be a charge for snacks and a la carte items.

Second, all families choosing the online learning option are still able to pick up meals. Meal pick up will start September 15th and will be every Tuesday from 11:30-12:30 outside of the high school front entrance. You will receive 5 breakfasts and lunches for the rest of that week and the following Monday. If you are interested in participating in the online learning meal pick up, please call 330-824-2535 to sign up.

Finally, we still need everyone to continue to fill out the 20/21 free and reduced meal applications and turn them in to the district asap. The information collected on these applications play a critical role in district funding for our breakfast and lunch programs.

Thank You and Stay Safe! GO RED DEVILS!

Sincerely,
Gregory T. Bonamase
Superintendent
Lordstown Local School District
